Dual USB Wall Charger
TLL151211**

INTO YOUR FUTURE

Technical Specifications

- Model: HC204
- Input: AC 100-240V 50/60Hz
- Output 1: 2.4A
- Output 2: 2.4A
- Total output: 2.4A
- Total power output: 12W
- Protection functions: Overcurrent, short circuit and overvoltage
- Technology: Automatically detects and replicates device's original charging protocol to enable it safely and reach the maximum charging rate
- Dimensions: 68 x 38 x 26mm
- Weight: 43g
- Package includes: 1 x Wall charger HC204

Instructions

1. Plug the charger into your wall socket.
2. Connect one end of your charging cable to your device's charging port (smartphone, power bank, portable speaker, etc.)
3. Connect the other end to the USB port on the charger.
4. Unplug your device when fully charged.

Disposal and recycling information

The crossed-out wheeled-bin symbol on your product, battery, literature or packaging reminds

you that all electronic products and batteries must be taken to separate waste collection points at the end of their working lives; they must not be disposed of in the normal waste stream with household garbage.

It is the responsibility of the user to dispose of the equipment using a designated collection point or service for separate recycling of waste electrical and electronic equipment (WEEE) and batteries according to local laws.

Proper collection and recycling of your equipment helps ensure EEE waste is recycled in a manner that conserves valuable materials and protects human health and the environment, improper handling, accidental breakage, damage, and/or improper recycling at the end of its life may be harmful for health and environment.
