In charging mode, long press the MFB key for 5s. The white indicator blinks.</div> <div>8</div>
<div>Welcome</div> <div>Thank you for choosing a Tellur product. Magneto Bluetooth headset has a fashionable design, powerful functions and a high compatibility, providing you with true hands-free convenience when making calls or listening to music. It is your best choice in office and during traveling or driving!</div> <div>Bluetooth Wireless Technology</div> <div>With the Bluetooth wireless technology, you can connect the headset to compatible devices without cables. The Bluetooth wireless connection allows you to use a cell phone without holding it close to the headset, in a range not higher than 10 meters (approximately 30 feet). The Bluetooth wireless connection may interfere with obstacles (such as walls) or other electronic devices.</div> <div>In some areas, there may be some limitations in using Bluetooth wireless technology. Please consult your local authorities or service provider for details.</div> <div>1</div>	<div>Quick Start</div> <div>The headset consists of the following components:</div> <div><div><div><div>1. Earpad</div><div>2. Power key</div><div>3. Multifunctional (MFB) key</div><div>4. LED indicator</div><div>5. Volume up key</div><div>6. Volume down key</div><div>7. Speaker</div><div>8. Charger magnet</div><div>9. Charging pin</div><div>10. Micro-USB charging port</div></div><div></div></div></div> <div>2</div>	<div>Power-off: In any mode, toggle the switch right. The white indicator is on for 2s. A tone "Power off" is prompted.</div> <div>Charger and Battery</div> <div>Before using any charger to charge this headset, check whether the specifications of the charger meet requirements. The recommended output voltage of the charger is DC5V+/-0.25V, and the recommended output current is 100 mA to 500 mA. An over-high charging voltage may damage the headset.</div> <div>Warning: Only use the recommended charger if possible. Other chargers may violate the warranty terms of the equipment and results in danger.</div> <div>Charging the Battery</div> <div>1.The headset is embedded with non-removable charging battery. Do not attempt to remove the battery from the headset; otherwise, the headset may be damaged. If the headset is not used in a long time, keep it in a dry and well-ventilated place, and charge the headset once every two months.</div> <div>9</div>	<div>2.If the indicator blinks red, the battery is low. The headset will be powered off if it continues to work. Put the headset into the charging cradle, and then insert the cradle into the car USB charging port, or insert the cradle into a USB port on a 5V charger.</div> <div>3.The red indicator is on during charging. If the charging does not start, disconnect the headset from the charging cradle, and then insert the headset again. Full charge takes about 2h. After the headset is fully charged, the white indicator is steady on. Then disconnect the charger, cradle, and headset.</div> <div>4.A fully charged battery can provide about 4hours of talk time, or 80hours of standby time.The actual talk time and standby time may vary with different cell phones, settings, use methods, and environment.</div> <div>10</div>
<div>Fully charge the headset before using. For charging details, please refer to "Charger and Battery" in this manual. Meanwhile, choose the compatible cell phone or other Bluetooth devices for pairing. For details about pairing, please refer to "Basic Operations".</div> <div>Tips: Keep the headset away from your credit card or other magnetic storage media; otherwise, the stored information may be lost due to demagnetization.</div> <div>Product features and functions:</div> <div><div>• Wireless magnetic charging, more convenient than cable charging</div><div>• Rotatable charging cradle, meeting various USB using scenarios</div><div>• Strong magnet and indent charging cradle design, realising stable and anti-loss charging</div><div>• Supporting stable and continuous calling with super clear voice</div><div>• Auto-answering upon picking up, auto-hanging-up upon putting down</div></div> <div>3</div>	<div>How to connect with the Bluetooth headset (Note: Use iPhone for example)</div> <div>1.When the headset is powered off, toggle the switch left. The headset automatically enters the pairing mode, and a tone "Power on" is prompted.</div> <div><div>Power key</div><div></div></div> <div>4</div>	<div>Tips</div> <div><div>1. To extend the service life of the battery, you are advised to charge the headset at least once a month.</div><div>2. Please use the charger provided by company to charge the headset. Use of other low-quality chargers may bring about dangers.</div><div>3. Adjust the volume to an appropriate degree when using the headset.</div><div>4. DO NOT wear the headset when sleeping; otherwise, the headset may be damaged or cause injuries to you.</div><div>5. When driving, you are advised to use the company Bluetooth headset to ensure your driving safety. It is dangerous to directly use cell phones when driving.</div><div>6. Keep the headset away from kids. Small components of the headset may cause suffocation or other injuries to kids.</div></div> <div>11</div>	<div>Disposal and recycling information</div> <div> The crossed-out wheeled-bin symbol on your product, battery, literature or packaging reminds you that all electronic products and batteries must be taken to separate waste collection points at the end of their working lives; they must not be disposed of in the normal waste stream with household garbage. It is the responsibility of the user to dispose of the equipment using a designated collection point or service for separate recycling of waste electrical and electronic equipment (WEEE) and batteries according to local laws. Proper collection and recycling of your equipment helps ensure EEE waste is recycled in a manner that conserves valuable materials and protects human health and the environment, improper handling, accidental breakage, damage, and/or improper recycling at the end of its life may be harmful for health and environment.</div> <div>ABN Systems International</div> <div><div><div> Str.
