

Aura True Wireless Earphones

Marketing Information	
Product name	Aura True Wireless Earphones
Package Product name	Aura True Wireless Earphones
Headline	Escape the ordinary
Product keywords	In-ear detection. Customizable controls. Wireless charging.
Main characteristics	<p>Infrared sensors detect when you wear the earphones and automatically pause and resume playback</p> <p>Microphones equipped with ENC technology to efficiently reduce environmental noise for clearer hands-free calls</p> <p>Customizable controls via Tellur Audio app</p> <p>Two options for recharging the case - Type-C cable charging or Wireless Qi charging</p>
Product description	<p>Escape the ordinary with Aura - the new true wireless stereo earphones! They might be small and lightweight, but they deliver some serious power and are equipped with the latest technologies. Once paired with your smartphone, just open the charging case and the earphones will automatically reconnect to your device. Aura has built-in smart sensors that automatically pause your music when you remove the earphones from your ear and resume playback when you put them back on.</p> <p>Take control over your music or calls with just taps of a finger! For example, when listening to music, double tap any earphone to pause and resume playback. Or, even better, download Tellur Audio app and customize the control functions of your Aura earphones.</p> <p>Also, from the Tellur Audio app you can change the EQ settings, check the battery status for each earphone, find your earphones, upgrade the firmware or switch on/ off the game mode.</p> <p>Enjoy your calls because Aura has microphones equipped with ENC technology to efficiently reduce environmental noise for clearer hands-free calls. While talking, use just one of your earbuds to double your talk time.</p> <p>When the case's battery is running low, you can choose from the two options to recharge it. You can either cable charge it with the included Type-C cable or use a wireless Qi charger.</p>
Technical specs	
Bluetooth version:	5.0 BLE
Wireless range:	10m
Audio type:	True Wireless Stereo
Supported profiles:	HSP, HFP, A2DP, AVRCP
ENC technology:	CVC 8.0 Dual microphone
Audio codecs supported:	SBC, AAC
Speaker size:	13mm
Frequency response:	20Hz - 20KHz
Speaker Impedance:	30Ω ±15%
Speaker sensitivity:	98dB (3dB) @ 1 KHz, 126mV
Speaker rated power:	3mW
Microphone sensitivity:	38dB ±3dB
SNR:	60dB
THD:	less than 2% 94dB SPL @1kHz
Impedance:	2000
Sweat and water resistant:	IPX4 Earphones, IPX3 Charging Case
Features:	Touch control, Master earphone auto switch, In-ear detection, Pop-up window, Open case autostart, Wireless Qi charging
APP name:	Tellur Audio , available in Appstore and Google Play
APP features:	EQ settings, Double/Triple Tap function change, In-ear detection and Game mode on/off, Find earphones, Firmware upgrade, Bluetooth pairing name change, Battery status for each earphone
