Hands-free calls. Music. Bass booster.

Enjoy a deeper music experience while driving - the FMT-B8 Bluetooth Car FM Transmitter has a dedicated **bass button** that, once pressed, adds more bass to your favourite songs.

It can play music from your smartphone/tablet through **Bluetooth** or **directly from your microSD or USB flash drive**.

Just pair your smartphone with the FMT-B8 Bluetooth Car FM Transmitter and enjoy clear **hands-free calls** thanks to the built-in microphone.

Answering/ redialing/ dismissing or ending a call are just one button press away.

The FM Transmitter has a **dual USB port** - one port is designed to recognize USB flash disks and can be used to play music, while the other USB port recharges your phone. The FMT-B8 Bluetooth Car FM Transmitter remembers the last played song and FM frequency before shutting down.
