Product description	<p>It has never been more enjoyable to travel like now when you have the best and most useful companion next to you. The Carry backpack with Trolley can easily be turned into a trolley thanks to its telescopic handle and rubber wheels that make it easy to carry around. Due to its small size, it easily fits as hand luggage (it respects the recommended size by IATA). The intelligent partition helps you travel with the devices you need and is compatible with laptops up to 15.6". Made of waterproof material, the backpack will protect your property from rain drops.</p>
