Whether you love travelling by bike or you're a walking enthusiast, the new GlowPack is here to assure you'll be seen even in low visibility conditions. GlowPack is a capacious and comfortable backpack, with two integrated LED strips that increase night-time visibility. The LED strips have three working modes: steady light, slow flashing and fast flashing. The integrated USB port allows you to recharge your devices on the go, using a power bank (not included). GlowPack has multiple compartments and is compatible with most laptops within 15.6".
