MFi Lightning To USB Kevlar Cable

Bulletproof Resistant

Are you sick and tired of cables that soon break when they handled intensively? Here is a cable that you can bend more than 600 times up to 180 degrees. This is possible due to the Kevlar thread inside, that makes this cable 5 times stronger than a conventional one.

Main characteristics

- ❖ Made with Kevlar® Dupont™, reinforced conductors that provide added durability
- ❖ Flexible braided nylon that is 5 times stronger than normal cables
- ❖ Aluminium casing protects the circuit board inside the connector
- ❖ Ultra-slim metal plug
