

## Kevlar MFi Lightning To USB Cable

	Marketing information
Product name	Kevlar MFi Lightning To USB Cable, 100cm Gold
Package Product name	Kevlar MFi Lightning To USB Cable
Headline	Bulletproof Resistant
Product keywords	Ultra slim plug. 5 times stronger. Made with Kevlar thread.
Main characteristics	Made with Kevlar® Dupont™, reinforced conductors that provide added durability Flexible braided nylon that is 5 times stronger than normal cables Aluminium casing protects the circuit board inside the connector Ultra-slim metal plug
Product description	Are you sick and tired of cables that soon break when they handled intensively? Here is a ca that you can bend more than 600 times up to 180 degrees. This is possible due to the Kevl
	thread inside, that makes this cable 5 times stronger than a conventional one.
	thread inside, that makes this cable 5 times stronger than a conventional one.  Technical specs
Technology:	
Technology: Connectors type:	Technical specs
	Technical specs USB 2.0
Connectors type:	Technical specs       USB 2.0       USB-A, MFI Lightning
Connectors type: Data transfer speed:	Technical specs       USB 2.0       USB-A, MFI Lightning       480Mbps
Connectors type: Data transfer speed: Length:	Technical specs       USB 2.0       USB-A, MFI Lightning       480Mbps       100cm
Connectors type: Data transfer speed: Length: Colour:	Technical specs         USB 2.0       USB-A, MFI Lightning         480Mbps       100cm         Black, Gold, Rose-Gold       Image: Colspan="2">Colspan="2"
Connectors type: Data transfer speed: Length: Colour: Material:	Technical specs         USB 2.0         USB-A, MFI Lightning         480Mbps         100cm         Black, Gold, Rose-Gold         Nylon-Kevlar
Connectors type: Data transfer speed: Length: Colour: Material: Compatibility:	Technical specs         USB 2.0         USB-A, MFI Lightning         480Mbps         100cm         Black, Gold, Rose-Gold         Nylon-Kevlar         Apple devices
Connectors type: Data transfer speed: Length: Colour: Material: Compatibility: Weight:	Technical specs         USB 2.0         USB-A, MFI Lightning         480Mbps         100cm         Black, Gold, Rose-Gold         Nylon-Kevlar         Apple devices         22g
Connectors type: Data transfer speed: Length: Colour: Material: Compatibility: Weight: Package includes:	Technical specs         USB 2.0         USB-A, MFI Lightning         480Mbps         100cm         Black, Gold, Rose-Gold         Nylon-Kevlar         Apple devices         22g         1x 1 Kevlar MFi Lightning to USB cable
Connectors type: Data transfer speed: Length: Colour: Material: Compatibility: Weight: Package includes: Package dimensions:	Technical specs         USB 2.0         USB-A, MFI Lightning         480Mbps         100cm         Black, Gold, Rose-Gold         Nylon-Kevlar         Apple devices         22g         1x 1 Kevlar MFi Lightning to USB cable         80 x 120 x 25 mm
