USB to Lightning cable with LED light

Marketing information	
Product name	Data cable USB to Lightning with LED light, 1.2m, red
Package Product name	Lightning LED Cable
Headline	Glowing connection
Product keywords	Durable. Flexible. LED light
Main characteristics	The LED light on Lightning connector end will help you to use the cable in a dark environment Compatible with all Apple products with Lightning port Double function: charging and data transfer Durable nylon weaving ensures strength and flexibility
Product description	A reliable friend is the one who is helping you even if you are in darker places and you need to charge your smartphone. Our data cable with LED combines data transmission function with charging and due to its nylon coating you have the security that you can bend it whenever you need. The blue LED light on the Lightning connector end can guide you when the intensity of the surrounding light is lower, without bothering your eyes.

Technical specs	
Connectors type:	Lightning, USB-A
Charging Speed:	5V/3A
Data transfer speed:	480Mbps
Length:	120cm
Color:	Red
Material:	Nylon
Compatibilty:	Charge and sync Apple products with Lightning port
Package includes:	1 x Lightning cable with LED light
Product weight:	25g
Package dimensions WxHxD:	80x120x25mm
Weight:	44g
Product code:	TLL155354
EAN:	5949120002950
