

# Silicone USB to Lightning cable, 1m, black

Marketing information	
Product name	Silicone USB to Lightning cable, 3A, 1m, black
Package Product name	Silicone USB to Lightning Cable
Headline	Smooth connection
Product keywords	Soft. Flexible. Colourful
Main characteristics	Soft to the touch due to the silica gel finish Tangle-free even when stuffed into a bag or wrapped around a power bank Super resistant - 10,000-bend lifespan Combines the function of data transfer and charging
Product description	Choose a cable that is reliable and durable, but also very cool. The Silicone Lighting Cable is beautifully colored and, thanks to the silica gel finish, it is soft to the touch and very flexible. Moreover, it is tangle-free, so you can be worry-free. Bend it, twist it or throw it in your bag and backpack or wrap it around the power bank - the cable is built to last. Its 10,000-bend lifespan makes sure the cable will handle perfectly the difficulties of charging on the go. The Silicone Lighting Cable combines the function of data transfer and charging.
Technical specs	
Connectors type:	Lightning, USB-A
Charging Speed:	5V/3A Max
Data transfer speed:	480Mbps
Features:	Soft to the touch, tangle-free, 10000-bend lifespan, stain-resistant, easy to clean
