Data cable USB to Micro-USB with LED light
TLL155304

Data cable USB to Micro-USB with LED light

Glowing connection
Durable. Flexible. LED light.

The most reliable friend is the one who helps
you at your darkest.

This new cable range comes with an
integrated LED light at the end of the
connector that guides you to the
smartphone's charging port when the
surrounding light is lower, without bothering
your eyes.

Data cable USB to Micro-USB with LED light

Glowing connection
Durable. Flexible. LED light.

The LED cable combines data transmission with fast charging and is built with a nylon coating that ensures a greater wear resistance and prevents the cable from knotting.
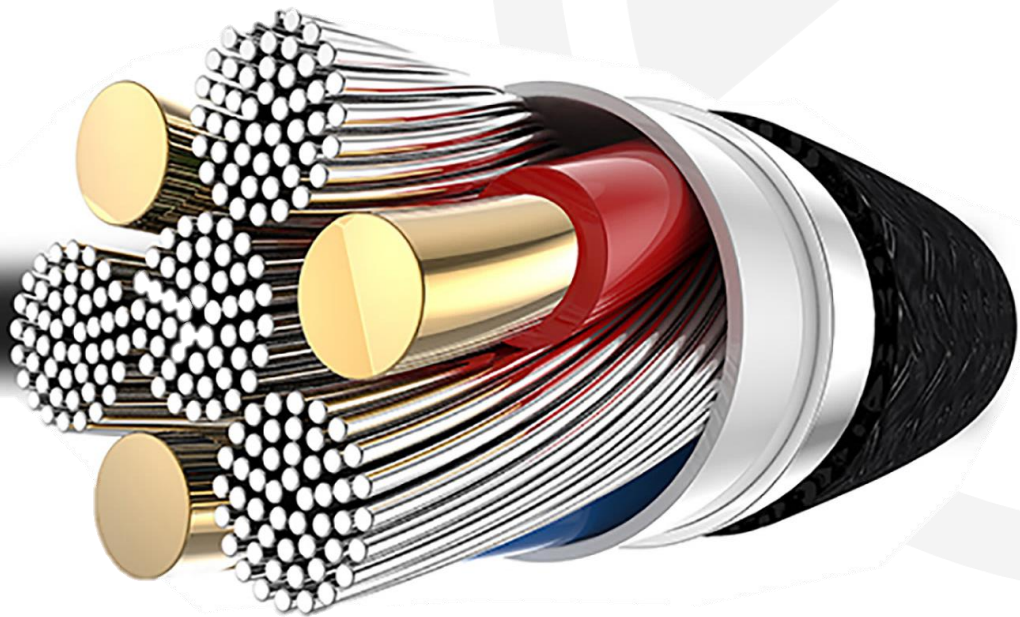

Data cable USB to Micro-USB with LED light

Glowing connection
Durable. Flexible. LED light.

- The LED light on the Micro-USB connector end helps you use the cable in a dark environments.
- Upgraded chipset ensures a charging speed with up to 50% faster.
