Braid Type-C To Type-C Cable (1m)
Connect in style - Mobile cables

Braid Type-C To Type-C Cable (1m)

Connect in style

True brothers stick together. So here you are if you have two USB Type-C enabled devices looking for one connection.

A high-quality, nylon-braided 100cm copper core cable meeting the highest expectations regarding design and durability.

Main characteristics

❖ The nylon-braided jacket makes the cable sturdier
❖ Compatible with all Type-C devices
❖ Double function: data transfer and fast charging
❖ Compact reversible USB-C connector that plugs in in either direction
