Product description	Add some natural aesthetics to your workspace with the Tellur Green Wireless Keyboard and Mouse kit. Made of ECO materials: 35% wheat fiber and 65% ABS, this digital control kit needs no special software to entertain you - just plug & play. Both devices works within a 10 meters range, making them more comfortable to use. The mouse has an adjustable DPI resolution with three options to choose from, 800/1200/1600, so you can adapt its performance to your activity. This eco-friendly keyboard and mouse set is powered by AAA / AA batteries and comes with a USB nano receiver.
