Product name	Phone grip stand with universal stand
Package Product name	Phone grip stand
Headline	Expand your experience
Product keywords	Easy to use, Secure grip, Expandable, Universal
Main characteristics	<p><b>Cozy and safe experience while surfing the internet or watching content</b></p> <p><b>Easy to mount and use, compatible with all mobile devices</b></p> <p><b>Allows hands-free phone use when is placed in the universal holder</b></p>
Product description	<p>The universal phone grip stand is a simple solution to your mobility shortcomings, that will ease your adventure through the digital realm.</p> <p>The accordion magic button will give you a more secure use of your mobile devices, making it easier to hold when taking selfies, playing games, watching or reading content. Moreover, you can forget about tangled wires because you can keep your wired headphones in place, tidy wrapped around the stand's base.</p> <p>You can easily mount the stand by sticking it on the back of your phone or your phone case. To remove or reposition, simply pull up the base and reuse it by washing with clear water and letting it dry.</p> <p>The package also includes a car air vent holder for hands-free use, so you can focus your attention where it matters the most - the road.</p>
