

**Magnetic Tablet Headrest Mount - TLL171061**

## Magnetic Tablet Headrest Mount

Comfort. Support. Practical.

- One-touch magnetic fixing – instantly secures your tablet to the car headrest mount
- Strong magnets ensure your tablet won't drop off on bumpy roads
- Easy, one-hand operation – simple to install or remove the tablet from the mount

Fully adjustable with 360 degree rotation for optimal viewing  
Do you know that question coming from the back of your car on your long trips: "Are we there yet?!"? If that sounds familiar, this tablet holder is for you!

A magnetic mount that can be fixed on the headrests of your car, this holder produces a strong magnetic force that will keep your tablet still even on bumpy roads.

Easy to install, this tablet mount will keep your passengers entertained so you can enjoy the journey.

## Magnetic Tablet Headrest Mount

### INSTRUCTIONS

#### A. Use with rectangle metal plate

1. Put the metal plate between your tablet and its case, with the textile side facing the back of your tablet.
2. Attach your tablet to the magnetic mount.

#### B. Use with round metal plate with glue pad

1. Peel off the film from the round metal plate.
2. Stick the glued side of the metal plate on top of the transparent sticker on the back of your tablet.
3. Attach your tablet to the magnetic mount.
