Operating instructions

- Switch on your computer and boot the system.
- Connect the product to a free USB-C port on your computer.
- You do not have to install drivers; the computer will automatically recognize the product.
- If necessary, follow the instructions for your operating system.
- In order to use your devices, plug them into the product one after the other

Safety Notes

- Do not attempt to service or repair the product yourself. Leave any and all service work to qualified experts.
- Do not open the device or continue to operate it if it becomes damaged.
- Do not operate the product outside the power limits given in the specifications.
- Do not modify the product in any way. Doing so avoids the warranty.
- Keep this product, as all electrical products, out of the reach of children! Use the product for its intended purpose only.
- Protect the product from dirt, moisture and overheating, and only use it in a dry environment.
- The product is intended for indoor use only.
- Do not use the product in the immediate vicinity of heaters or other heat sources or in direct sunlight.
- Do not use the product in moist environments and avoid splashes.
- Do not use the product in areas where the use of electronic devices is not permitted.
- Do not drop the product and do not expose it to any major shocks.
- Dispose of packaging material immediately according to locally applicable regulations.

Specifications

Input (USB-C): USB 3.1 Gen 1

USB ports:

2x USB 2.0

1 x USB-C

1 x USB 3.0

Output USB-C: 5V / 1.5A

Output USB 3.0: 5V / 1.5A

Output USB 2.0: 5V / 1.5A

Data transfer speed

USB-C: up to 480Mbps data transfer rate

USB 3.0: up to 5Gbps data transfer rate

USB 2.0: up to 480Mbps data transfer rate

Features: OTG Supported

Compatibility: Microsoft Windows, Mac OS, Linux, Android, Chrome OS

Installation: Plug & Play, no drivers required

Cable length: 12cm, integrated

Color: Grey

Material: Aluminum alloy

Product dimensions: 59 x 32 x 39mm

Product weight: 23g

Package includes:

1 x 4in1 USB-C hub

1 x User manual

Disposal and recycling information

The crossed-out wheeled-bin symbol on your product, battery, literature or packaging reminds you that all electronic products and batteries must be taken to separate waste collection points at the end of their working lives; they must not be disposed of in the normal waste stream with household garbage.

It is the responsibility of the user to dispose of the equipment using a designated collection point or service for separate recycling of waste electrical and electronic equipment (WEEE) and batteries according to local laws.

Proper collection and recycling of your equipment helps ensure EEE waste is recycled in a manner that conserves valuable materials and protects human health and the environment, improper handling, accidental breakage, damage, and/or improper recycling at the end of its life may be harmful for health and environment.
