INTO YOUR FUTURE

Thank you for choosing Tellur products!
To ensure optimum performance and safety,
please read this user manual carefully before
using the product. Keep this user manual safe
for future references.
1. GENERAL SAFETY INFORMATIONS:
1.1. WARNINGS
• Keep it away from excessive heat or fire sources. It
is recommended to avoid exposure to sunlight.
• Keep this product, like all electrical products, out
of the reach of children! Use the product for its
intended purpose only.
• Protect the product from dirt, moisture, and
overheating, and only use it in a dry environment.
• Do not drop the product and do not expose it to any
major shocks.
• Respect the technical specifications of the product
and do not use it outside the declared operating
parameters.

1.2. ATTENTION
• Don't use the product if it is damaged in any way,
shape, or form.
• Don't attempt to repair, disassemble, or modify this
product.
• Dispose of products in accordance with local
government regulation on waste disposal.

• The PD (Power delivery) port can provide the power needed to recharge the connected device if it's compatible with this technology up to a power of 100W.

4. TECHNICAL SPECIFICATIONS

Input:	20V / 5A USB-C
USB ports:	1x USB-C PD3.0 + 3 x USB 3.0
Output USB-C:	20V / 5A PD3.0 100W, 2.0 data transfer rate
Output USB 3.0:	5V / 0.9A , up to 5Gbps data transfer rate
HDMI port:	Up to 4K @ 30Hz resolution
Compatibility:	Microsoft Windows, Mac OS, Linux, Android, Chrome OS
Installation:	Plug & Play, no drivers required
Cable length:	17cm, integrated
Color:	Grey
Material:	Aluminum alloy
Product dimensions:	42 x 112.5 x 16.5mm
Product weight:	60g
Package includes:	1 x USB-C Multi-port HUB 1 x User manual

Disposal and recycling information

The crossed-out wheeled-bin symbol on your product, battery, literature or packaging reminds
you that all electronic products and batteries must be taken to separate waste collection points at the end of their working lives; they must not be disposed of in the normal waste stream with household garbage.
It is the responsibility of the user to dispose of the equipment using a designated collection point or service for separate recycling of waste electrical and electronic equipment (WEEE) and batteries according to local laws.
Proper collection and recycling of your equipment helps ensure EEE waste is recycled in a manner that conserves valuable materials and protects human health and the environment, improper handling, accidental breakage, damage, and/or improper recycling at the end of its life may be harmful for health and environment.
