

Full HD Webcam with autofocus

TLL491131

Full HD Webcam with autofocus

In Focus

Autofocus. Full HD. Plug & Play.

Characteristics:

- ⊗ Full HD resolution - the best choice for webinars and video conferencing
- ⊗ Autofocus and wide-angle lens for sharp, crystal clear images
- ⊗ Built-in noise reduction microphone for a clear conversation
- ⊗ Plug and Play connection, easy to use

Join your team's video conference, your online courses or favorite webinars in **full HD resolution** with our webcam.

Just plug it in the USB port of your computer or other device and the webcam is ready to film! Thanks to the **autofocus function**, you can move and talk naturally in front of the camera and your videos will always be sharp and crystal clear.

Designed to provide security and peace of mind, the webcam has a built-in **privacy cover** that will protect the lens when it is not in use. This makes impossible for hackers and other virtual threats to invade your privacy. The webcam also has a **built-in noise reduction microphone** that will ensure a clear conversation.
