**How to use**

Ensure that the earmuffs are appropriately sized for your child

You can adjust the size to fit perfectly on the child's head.

Position the earmuffs over your child's ears, ensuring that the ear cups completely cover the ears without causing discomfort.

The ear cups should fully cover the ears, forming a tight seal to block out noise.

Store the earmuffs in a cool, dry place when not in use. Avoid exposing them to extreme temperatures.

If the earmuffs show signs of damage or wear, replace them promptly to ensure continued protection.
