

Car charger with extension 4USB, 9.6A, 1.8m, black
TLL151141

Car charger with extension 4USB, 9.6A, 1.8m, black

- 4 USB charging ports for endless energy.
- Compatible with all mobile devices.
- Automatically adjust optimal flow to each device.

Easy to install in your car lighter port, the car charger with extension will offer you the energy that you need when you are on the road.

Designed with 4 USB ports with 2.4A input for each, it allows you to charge 4 devices simultaneously and, thanks to its extension, now it is easier to charge from the backseat.

Tellur car charger identifies devices and automatically adjust optimal flow to each device.

Car charger with extension 4USB, 9.6A, 1.8m, black
