INTO YOUR FUTURE

Car charger with extension

Marketing information	
Product name	**Car charger with extension 4USB, 9.6A, 1.8m, black**
Package Product name	Car charger with extension
Headline	**Extend your energy**
Product keywords	Energy. Reliable. Easy to use.
Main characteristics	**4 USB charging ports for endless energy** **Compatible with all mobile devices** **Automatically adjust optimal flow to each device**
Product description	Easy to install in your car lighter port, the car charger with extension will offer you the energy that you need when you are on the road. Designed with 4 USB ports with 2.4A input for each, it allows you to charge 4 devices simultaneously and, thanks to its extension, now it is easier to charge from the backseat. Tellur car charger identifies devices and automatically adjusts optimal flow to each device. It is compatible with most cars and digital devices and it has a built-in overcurrent and overheating protection. LED indicator shines blue when it is plugged in, ready for charging anytime.
