Product description	<p>Choose between wireless or cable charging and the PDW102 10000mAh Qi power bank will make sure your device can keep up with your busy day. Thank to the Power Delivery function this power bank will fast charge your compatible iPhone from 0% to 50% in up to 30 minutes (when used with a MFI Type-C to Lightning cable - not included). Moreover, you can also fast charge your Qi-compatible phone with up to 10W. More than one device to recharge? No worries! Use the wireless charging top surface and the USB port to recharge two devices at the same time. When the LED indicator shows a low energy level, you don't have to wait an entire day for the power bank to get back at 100%. Due to the rapid recharge function, full recharge takes up to 3-4 hours through the Type-C PD port (when used with a PD wall charger and a PD Type-C to Type-C cable). Protection functions keep your device safe from short circuit, overcharging, overdischarging, overcurrent.</p>
