INTO YOUR FUTURE

Thank you for choosing Tellur products!

To ensure optimum performance and safety, please read this user manual carefully before using the product. Keep this user manual safe for future references.

1. GENERAL SAFETY INFORMATIONS:

1.1 WARNINGS

- Please, keep the charger away from water or other liquids.
- If you need to clean the charger, please, make sure it is not connected to the power supply.
- Avoid using nearby sources of increased heat or humidity.
- Respect the technical specifications of the product and do not use it outside the declared operating parameters.

1.2 ATTENTION

- Don't use the product if it is damaged in any way, shape, or form.
- Don't attempt to repair, disassemble, or modify this product.
- Don't place the product near any heat source or in direct sunlight.
- Don't place foreign objects like keys, magnetic cards, metal plates, etc.... on the charging areas.

1.3 NOTES

- To ensure fast charging is safe and efficient, please use a QC 3.0 fast charger adapter (not included).
- If not use an appropriate adapter and the included charging cable, the charger may not charge your phone at maximum speed or may even damage the charger.
- Wireless charging power transmission can be influenced

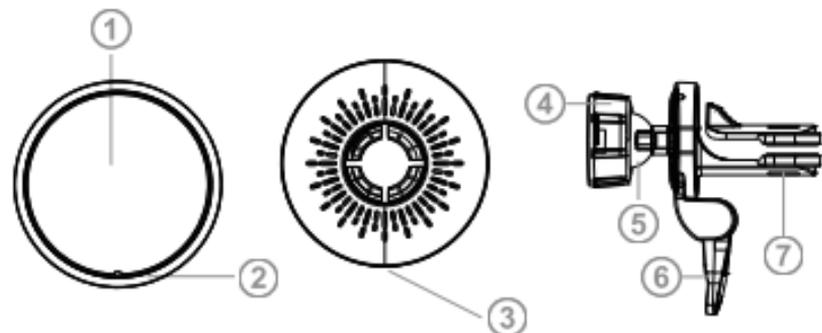

by external factors, not related to the device.

Other charging protocols, environment temperature, humidity, battery percentage of the device, age of the device battery and other factors can modify the behavior of the charger.

- This device is compatible with MagSafe enabled iPhones 14/14 Plus, 13, 12, Pro, Max, Mini and newer.
- We recommend using official MagSafe phone cases or any MagSafe certified phone cases.

2. PRODUCT OVERVIEW

2.1 PRODUCT DIAGRAM

1. Wireless charging area, phone holder support.
2. LED warm light indicator
3. USB-C charging port
4. Fixing nut
5. Multi-angle rotating ball
6. Additional mounting bracket
7. Air vent grille mount

2.2 MAIN FUNCTIONS

- Compatible with MagSafe enabled iPhone 14/14 Plus, 13, 12, Pro, Max, Mini or newer.
- Strong magnets perfectly align with your iPhone 12 or newer and deliver fast charging of up to 15W.
- You can easily charge and use the iPhone, either in landscape or portrait orientation.
- Overvoltage safety protection, temperature control and foreign object detection
- LED illuminated ring with warm light for a pleasant and safe driving experience.

2. 1 x USB-A to USB-C QC 3.0 cable, 1 meter.
3. 1 x Installation guide and operation instructions

2.4 NOTES

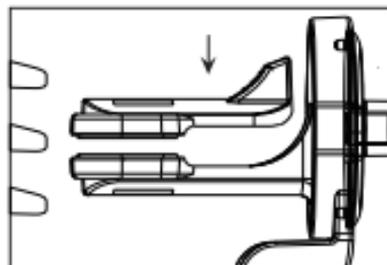

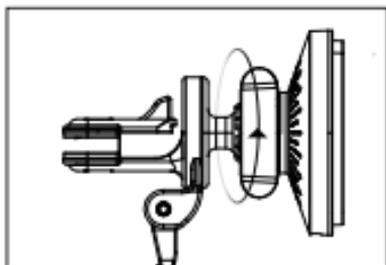

- For full technical specifications please check chapter 5

3. INSTALLING AND USING THE PRODUCT

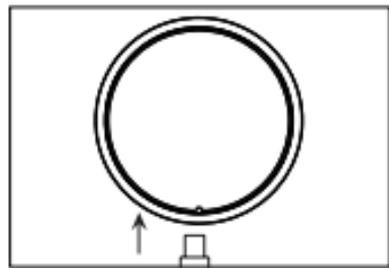

3.1 PLUG AND POWER THE DEVICE

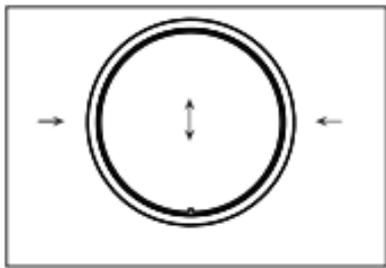

1. Place the fixing nut on the rotating ball of the air vent mounting clip.
2. Press the magnetic holder into the rotating ball and tread the fixing nut to secure it.

**3****4**

3. Insert the mounting clip to the air vent blade of the car.
4. Adjust the angle as needed and tighten the fixing nut.

**5**

5. Connect the USB-C cable to the bottom of the charger and to the power adapter

**6**

6. Charge your compatible phone in landscape or portrait mode. Strong magnets perfectly align the phone with the charging base.

Note: Min. QC3.0 fast charger adapter required for fast wireless charging (not included)

4. TROUBLESHOOTING

- If you're experiencing interrupted or slow charging, check the following:
 - The back of your phone should not have any metal, pop sockets or credit cards.
 - If you are using a compatible MagSafe case, try removing the case and charging the iPhone directly.
- If you're failing to charge your device, please, try out the following:
 - Check if your device is charging with another type of charger.
 - Check the LED indicator of the charger to see if it is working properly.
 - Check if the car power adapter and cable are working properly.
- If you're using the wireless charger with the recommended car power adapter and cable and have removed any potential charging obstructions, but are still experiencing issues, try:
 - o Replacing the cable connecting your wireless charger with the power supply.
 - Rebooting your phone.
 - Unplug the car power adapter and reinsert it.

5. TECHNICAL SPECIFICATIONS
