

WiFi Smart Flood Sensor

Marketing information	
Product name	WiFi Smart Flood Sensor
Package Product name	WiFi Smart Flood Sensor
Headline	A sense of security
Product keywords	Acoustic and push notifications. Low energy consumption.
Main characteristics	<p>Compatible with Tellur Smart app, perfectly Integrated in the Smart Home ecosystem</p> <p>Acoustic and push notifications for water detection</p> <p>Low battery notification</p> <p>Works with classic AAA batteries with low energy consumption</p>
Product description	<p>Increase your sense of security with Tellur's WiFi Smart Flood Sensor. The sensor integrates perfectly in the Smart Home ecosystem and you can see its working status by simply accessing the Tellur Smart app from your smartphone. When the sensor detects water, it alerts you through an acoustic alarm and a push notification sent to your smartphone. Also, you will be notified on your smartphone when the batteries are running low. The sensor works with classic AAA batteries and has a low energy consumption.</p> <p>The WiFi Smart Flood Sensor is only compatible with 2.4GHz WiFi frequencies.</p>
Technical specs	
Power supply:	2 x AAA battery, 3V
Battery life:	Up to 6 months
Flood notifications:	Yes
Acoustic alarm:	Yes
Low battery notifications:	Yes
Probe cable length:	2 meters
WiFi standard:	IEEE 802.11b/g/n
Supported WiFi network:	2.4GHz
Dimensions:	7cm x 7cm x 2cm
Weight:	75 gr
Color:	White
Package includes:	1 x WiFi Smart Flood Sensor 2 x Adhesive tape 2 x Screws 2 x AAA batteries
Package dimensions:	9cm x 7.1cm x 4.4cm
Package weight:	100 gr
Product code:	TLL331081
EAN:	5949120000963
