

Wi-Fi Smart Door & Window Sensor
Give your home a Smart upgrade!

Wi-Fi Smart Door & Window Sensor

A sense of security

- ❖ Compatible with Tellur Smart app, perfectly integrated in the Smart Home ecosystem
- ❖ Works with classic AAA batteries with low energy consumption
- ❖ Tamper notifications - alerts for unauthorized handling
- ❖ Low battery notification

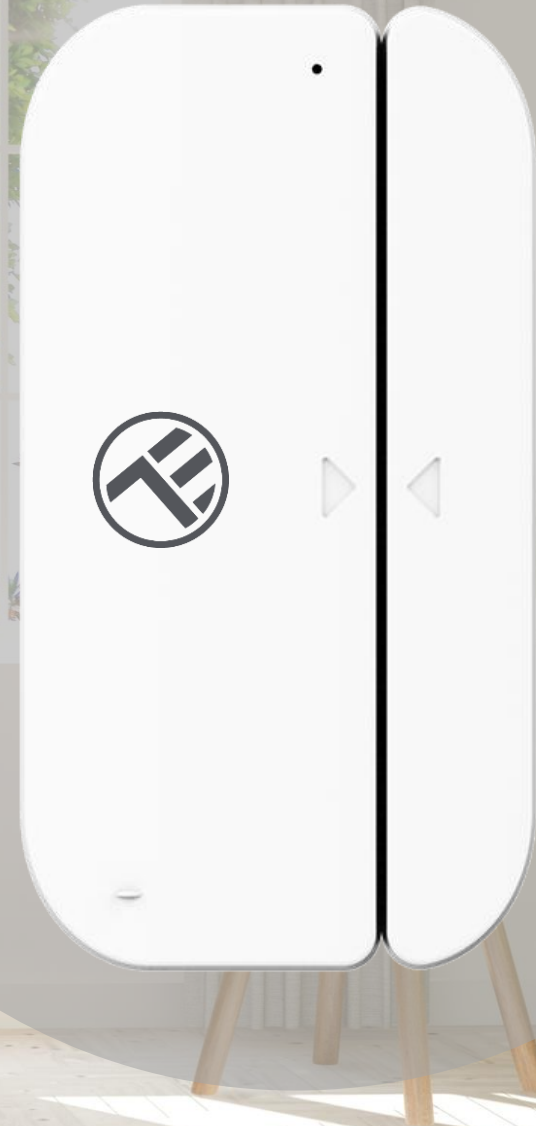

Wi-Fi Smart Door & Window Sensor

Increase your sense of security with Tellur's Wi-Fi Smart Door & Window Sensor.

Once connected with the Tellur Smart app, you will receive notifications directly on your smartphone when the door/window is opened/closed, the batteries are running low and, most importantly, when someone tries to destroy or detach the sensor.

The history record helps you keep track of the days and hours when the door/window was opened/closed.

The Wi-Fi Smart Door & Window Sensor is only compatible with 2.4GHz Wi-Fi frequencies and can be voice activated through Google Home and Amazon Alexa

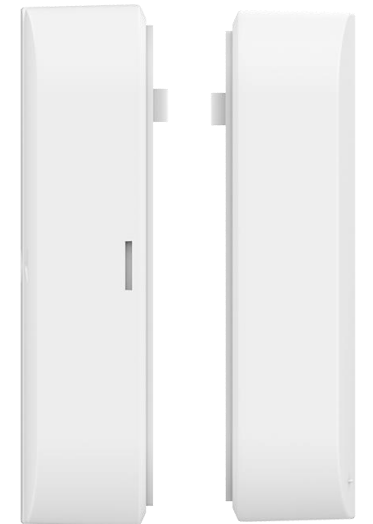

Wi-Fi Smart Door & Window Sensor

Technical specs

Power supply:	2 x AAA battery, 3V
Battery life:	Up to 6 months
