

Tellur WiFi Ceiling Light, 24W, Round
TLL331131

Fully customisable

Light adjustment

Customize your light directly from Tellur Smart app, with intensity and warmth options: white or warm light.

Integrated functions

Automate the light in your home by setting its running times based on your schedule or the sun's (sunrise & sunset) or set the timer to automatically turn the light off.

Smart scenarios allow you to link the Ceiling Light with other smart products and make them both respond to the same trigger event.

Remote & vocal control

Control your Smart Ceiling Light from anywhere via Tellur Smart App – all you need is your smartphone and an internet connection.

At home, link the Ceiling Light with Amazon's Alexa or Google Assistant and control your lights vocally.

Powerful light

Enjoy a powerful light with up to 2400 lumens and a generous beam angle of 120°.

Ingress protection & durability

With an IP54 protection rating, waterproof and dustproof, the Smart Ceiling Light can be installed in any room of your house, including kitchen, bathroom or storage rooms.

With a long-lasting life, you will enjoy your Smart Ceiling Light for up to 15000 hours.

Device sharing

Give your family members access to control the Smart Ceiling Light via Tellur Smart app.
