

WiFi Thermostat

Marketing Information	
Product name	WiFi Thermostat, Boiler, white
Package Product name	WiFi Thermostat
Headline	Home comfort
Product keywords	Fully customizable. Remote control. Voice control.
Main characteristics	Remote control via Tellur Smart app Voice control via Google Assistant and Amazon Alexa Fully customizable, supports automation and smart scenarios Child-lock, schedule, smart functions LCD display, touch buttons
Product description	<p>Create the perfect atmosphere in your home or office with the WiFi Thermostat. Having a 3.7" illuminated LCD display with clear icons, the thermostat is very easy to read and, thanks to the touch buttons, setting the temperature or programme is... well, no sweat whatsoever. Pair the WiFi Thermostat with your smartphone via Tellur Smart app and you will get a fully customizable device that supports automation and smart scenarios. Be in total control of the temperature in your home/ office anytime, from anywhere - the WiFi Thermostat can be remotely controlled via Tellur Smart app. Link the thermostat with Amazon's Alexa or Google Assistant and control your comfort vocally. Don't worry about your kids playing with this device, the WiFi Thermostat has a child-lock protection function.</p>
