Main characteristics	<p>Customization, remote and voice control available through Tellur Smart app</p> <p>Mood LED lighting</p> <p>Ultrasonic mechanism</p> <p>Easy to install and use</p> <p>Created for aromatherapy with essential oils (not included)</p>
Product description	<p>Flavor up your home with a gadget that will help you ease your mind and enjoy your free time even more. The smart aroma diffuser uses ultrasonic waves to create a flavored mist that will aromatize your home. Just fill it with clean water, mix in your favorite aromatherapy essential oils (not included) and let the aroma diffuser do its magic.</p> <p>Built to be integrated in your smart home ecosystem, the WiFi aroma diffuser comes with smart features that will ease not only your mind, but also your life. The aroma diffuser can be controlled remotely via Tellur Smart app and voice activated through Amazon Alexa or Google Assistant. You can customize the diffuser's vapor level, schedule its running times or set scenarios in Tellur Smart app so the diffuser starts running, for example, when the lights in your living room are powered on. The built-in protection function automatically shuts down the aroma diffuser when the water is running low. The aroma diffuser also sets the mood with its RGB LED lighting and you can easily choose and set your favorite color from Tellur Smart app.</p>
