Product description	<p>Whether you are traveling, on holiday, or working late, you can feed your pet anytime and from anywhere thanks to the Tellur Smart App controllable 4 liters dry food feeder. The UltraHD wifi camera allows you to know what is happening at home with your pets and talk to them in real time through the app. You can even record a special message for mealtime calling. The pet feeder integrates perfectly in the Smart Home ecosystem so you can see its status, create smart scenarios and remotely control it from anywhere by simply accessing the Tellur Smart app from your smartphone. Also, the App sends push notifications about the low food level and feeding time. Also, you can see the feeding history. Moreover, with the 3 D batteries installed(not included), you can ensure that the pet feeder always works in the event of a power outage!. The device is compatible only with 2.4 GHz wifi connections.</p>
