Product description	<p>Keep your pets hydrated and healthy all day long! With a 2 liters water tank integrated, the Tellur Smart WiFi Water Dispenser is the new best friend for your pets. The dispenser integrates perfectly in the Smart Home ecosystem so you can see its status, create smart scenarios and remotely control it from anywhere by simply accessing the Tellur Smart app from your smartphone. Also, the App warns you about the low water level, to clean or replace the filter. Moreover, the water dispenser takes care of your pets thanks to the filtration function of fine particles, furs, residual chlorine, heavy metal ions and impurities. The device works only with 2.4 GHz wifi connections.</p>
Technical specs	
Water capacity:	2 liters
Protection against electricity leaks	Yes
Multiple filtration:	Filtration of fine particles, furs, residual chlorine, heavy metal ions and impurities
Low water level warning:	Yes, via APP
UV Sterilizing	Yes, via APP
Clean and filter replacement reminder:	Yes, via APP
Programmable and remotely controllable	Yes, via APP
Power supply:	DC 5V/1A , braided cable
Material:	Plastic
APP Name:	Tellur Smart
APP Pairing Name:	Tellur Water Dispenser
WIFI standard:	IEEE 802.11b/g/n
Supported WIFI network:	2.4GHz
Suitable for:	Indoor use
Working condition temperature:	0°C ~ +55°C
Working condition humidity:	10% ~ 80% RH
Product dimensions:	190 x 190 x 160mm
Product weight:	735g
Color:	White
Package includes:	1 x Smart WiFi Pet Water Dispenser 1 x Power cable 3 x Power adapters (EU/UK/US) 1 x Filter
Product code:	TLL331471
EAN:	5949120004534
